Technische Universität Bergakademie Freiberg
Akademiestraße 6, 09599 Freiberg, Germany

§ 1

The following MOU based on a mutual interest and an active dialogue and will be the basis for a long-standing and trustful cooperation of the two universities. Specific details of any activity between the universities shall be set forth in a bilateral Supplemental Letter of Agreement. If both universities manifest their further interest, this MoU can result in a separate cooperation contract between the universities.

§ 2

The objectives of this MOU shall include, but not be limited to the following:

1. Organization of joint academic and scientific activities,
2. Exchange of academic staff for lectures, conferences and research,
3. Exchange of students for courses and specialized programs, if possible without tuition fees and
4. Exchange of publications and other materials of common interest.

§ 3

The cooperating partners shall apply to the national governments or other suitable institutions for funding to support their collaborative activities.

§ 4

Both universities nominate a representative for the further negotiations. At Universidad de Atacama the coordinator is Dr. Wolfgang Griem. At Technische Universität Bergakademie Freiberg the coordinator is Prof. Dr. Gerhard Heide.

§ 5

This MOU shall become effective on the date that it is signed by the representatives of both universities. However it does not constitute legal responsibilities or obligations.
